## **Forward**

This Solomon Islands collection is mainly available via SINU library home page. All this collection is hardly found in other libraries today in Solomon Islands and widely is available in other digital libraries in the world.

However, this collection is part of SINU library resources provided in digital format that can access through the internet.

This project was given to me, by Dr. Don Karunanayake the Associate Professor Cum University Librarian of Solomon Islands National University and I am thanking him for advising me on building this project.
