2.1.2. Source of Funds

Funding for this consultancy service will be made available from the Development Budget provided by Solomon Islands Government.

2.1.3. Eligibility

Participation in this tender process is open to interested Design & Architectural Companies, subject to the limitations below.

2.1.4. Restrictions to Eligibility

Organisations or individuals who are prohibited from participation by any act taken in compliance with a decision of the UN Security Council, or those blacklisted by a “watchdog” committee of the Solomon Islands Government, or any international development agency will not be considered.

Any consultant who attempts to influence the outcome of the selection process by discrediting competing applications, or by threatening any member sitting on the selection panel, the Purchaser or any of its staff, or transfers gifts, payments or other benefits to the Purchaser, any staff member, or any member sitting on the selection panel, will be automatically disqualified from consideration.

If information provided by the consultant to support an application, especially regarding past performance and references is falsified, such application will be disqualified from consideration.

2.1.5. Conflict of Interest

Any event influencing the capacity of a candidate consultant or contractor to give an objective and impartial professional opinion, or preventing him, at any moment, from giving priority to the interests of the Purchaser. Any consideration relating to possible contracts in the future or conflict with other commitments, past, present, of a candidate consultant or contractor, or any conflict with his own interests. These restrictions also apply to subcontractors and employees of the candidate, consultant or contractor. There is a conflict of interest if compromised for reasons involving family, emotional life, political or national affinity, economic interest or any other shared interest with the beneficiary.

2.1.6. Request for Clarification

Any request for clarification must be received by the Purchaser in writing at least 3 days before the deadline for submission of tender. The Purchaser will reply to consultants' questions at least 2 days before the deadline for submission of tenders. If the Purchaser, either on its own initiative or in response to a request from a consultant, provides additional information on the proposal document, such information will be sent in writing to all consultants who have indicated their intention to submit a proposal.

2.1.7. Amendment of RFP Documents

At any time prior to the deadline for submission of proposals, the Purchaser, for any reason, whether at its own initiative or in response to a clarification requested by a prospective consultant, may modify the RFP documents by amendment. All prospective consultants will be notified of the amendment in writing and it will be binding on them. The Purchaser may, at their discretion, extend the deadline to allow consultants reasonable time to take the amendment into account.

The Purchaser may call a pre bid conference as indicated in the BDS, attendance at such a conference is

SECTION II - INSTRUCTIONS TO CONSULTANTS

not mandatory. Tenderers however, are advised to ensure their familiarity with the requirements, location and project for this RfP.

2.1.8. Ethics

It is a requirement that both the Purchaser and prospective consultants observe the highest standards of ethics during the procurement and execution of contracts.

In pursuance of this policy, the Purchaser requires that all consultants concerned take measures to ensure that no transfer of gifts, payments or other benefits to public officials and/or procurement /management staff with decision making responsibility or influence, occur.

The Purchaser reserves the right to suspend or cancel a proposal if corrupt practices of any kind are discovered at any stage of the award process. For the purpose of this provision, the terms set forth below shall have the following meaning:

"corrupt practice" means the offering, giving, receiving or soliciting of anything of value to influence the action of any officer involved in the procurement of goods and/or services, or the threatening of injury to a person, property or reputation in connection with the procurement process or in contract execution, in order to obtain or retain business or other improper advantage in the conduct of business; and

"fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the SIG, and includes collusive practices among consultants (prior to or after submission of tenders) designed to establish prices at artificial, non-competitive levels and to deprive the Purchaser of the benefits of free and open competition.

Any attempt by a candidate or consultant to obtain confidential information, enter into unlawful agreements with competitors or influence the committee or the Purchaser during the process of examining, clarifying, evaluating and comparing proposals will lead to the rejection of his candidacy or proposal and may result in administrative penalties (e.g. suspension).

The contract shall govern the contracting parties' use of all reports and documents drawn up, received or presented by them during the execution of the contract.

The consultant shall refrain from any relationship likely to compromise his independence or that of his staff. If the consultant ceases to be independent, the Purchaser may, regardless of injury, terminate the contract without further notice and without the contractor/consultant having any claim to compensation.

All proposals will be rejected or contracts terminated if it emerges that the award or execution of a contract has given rise to unusual commercial expenses.

SECTION II - INSTRUCTIONS TO CONSULTANTS

opened at a date and time after the completion of the Technical Evaluation and the approval of the Technical Evaluation Report. Consultants who have scored 80 and over in the Technical Evaluation shall be invited to the opening of the financial proposals if required by Tender Board Committee (TBC).

2.4. Evaluation of Proposals

From the time the bids are opened to the time the contract is awarded, if any consultant wishes to contact the Purchaser on any matter related to its proposal, it should do so in writing at the address indicated in the Data Sheet. Any effort by the firm to influence the Purchaser in the Purchaser's proposal evaluation, proposal comparison or contract award decisions may result in the rejection of the consultant's proposal.

Evaluation of the bids will be carried out by a team of not less than three and not more than five persons including Technical, Financial and Administrative Representative(s) of the Purchaser.

The evaluation committee, appointed by the Purchaser as a whole, and each of its members individually, evaluates the proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria and point system specified in the Data Sheet. Each responsive proposal will be given a technical score (St). A proposal shall be rejected at this stage if it fails to meet the minimum requirements as spelled out in the Terms of Reference, or it does not respond to important aspects of the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Data Sheet.

After the evaluation of quality is completed, the Purchaser shall notify those consultants whose proposals did not meet the minimum qualifying mark or were considered nonresponsive to the RFP and Terms of Reference, indicating that their Financial Proposals will be returned unopened after completing the selection process. The Purchaser shall simultaneously notify the consultants that have secured the minimum qualifying mark, indicating the date and time set for opening the Financial Proposals if required by TBC.

The Financial Proposals shall be opened publicly in the presence of the consultants' representatives who choose to attend. The name of the consultant, the quality scores, and the proposed prices shall be read aloud and recorded when the Financial Proposals are opened. The Purchaser shall prepare minutes of the public opening.

The evaluation committee will determine whether the Financial Proposals are complete (i.e., whether they have costed all items of the corresponding Technical Proposals; if not, the Purchaser will cost them and add their cost to the initial price) and correct any computational errors.

In case of QCBS, the lowest Financial Proposal (Fm) will be given a financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals will be computed as indicated in the Data Sheet. Proposals will be ranked according to their combined technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + P = 1) indicated in the Data Sheet: $S = St \times T\% + Sf \times P\%$ The firm achieving the highest combined technical and financial score will be invited for negotiations.

Recommendation for the proposed contract award shall be forwarded for approval by the University Tender Board.

2.5. Award of Contract

The firm achieving the highest combined technical and financial score will be contacted by the Purchaser in writing requesting opening of negotiations on the proposed contract. The actual location and time of these negotiations will be decided and agreed by both parties at the opening of the negotiations. If these negotiations are successful then contract documents shall be processed and passed to the Purchaser and any other necessary body for processing at the earliest opportunity.

SECTION II - INSTRUCTIONS TO CONSULTANTS

The Purchaser reserves the right to reject all or any bid submitted for this tender or to cancel the tender process at any stage without prior notification to any party.
