

JOB DESCRIPTION

Title	Tutor in Accounting
Institute/Department	Centre for Distance & Flexible Learning
Reports to	Manager DFL
Location/Campus	Panatina Campus

Summary

This position requires a person a strong content knowledge in the subject areas of Accounting, with some experience in the curriculum design and development of learning and instructional materials for dual-mode delivery in accordance with the SINU programme development policy. The primary responsibilities include planning and delivery of learning instructions and activities via both face-to-face and DFL modes, managing students' learning progress and records, providing regular academic counselling and consultations; providing remedial support to those identified as 'high-risk learners'; conducting regular internal unit reviews to ensure quality and standards are in accordance with the university expectations as specified through the Solomon Islands Qualification Framework; engages in academic research and consultancies, and other tasks and responsibilities as assigned and directed by the manager CDFL.

Main roles and duties

Teaching and Learning

- Prepare and deliver learning instructions, and supervise learning activities including practical skills, methods and techniques that enrich current knowledge and acquisition of new knowledge and skills in the subject areas; and comply with equal opportunities.
- Design and administer assessments that effectively measure unit learning outcomes, and provide constructive feedback to learners promptly as per the academic regulations.
- Design and apply appropriate assessment rubrics that provide learners the opportunities that contribute to the progressive development of scholastic attributes that support higher education and training
- Develop and maintain unit assessments, and students' data with due diligence and care without compromising confidentiality.
- Conduct regular internal unit reviews to maintain content quality and relevance
- Engage in full programme review as scheduled, or when mandated in accordance with the Quality and Standards,
- Design and apply appropriate innovative teaching techniques and instructional concepts that create interest, understanding and enthusiasm among learners; and
- Develop unit of instructions and learning materials for DFL mode; and provide academic support for learners studying via DFL mode
- Support and supervise learning through tutorials, mentoring, assessment projects, field trips, labs/workshops or through demonstrations as, when and where relevant or the need arises; and
- Carry out other responsibilities as assigned by the immediate supervisor or Director

Research

- Participate in research projects and consultancies that improve knowledge and understanding in the relevant discipline, or that contribute positively to relevant public policy

- Conduct research in relevant subject areas that contributed towards further professional development in higher learning
- Engage in research to keep abreast with new changes and knowledge in the respective field of study
- Prepare and present conference papers based on research findings; and
- Published journal articles on research findings.

Teamwork

- Demonstrate team spirit in any endeavour that promotes, and facilitates the achievement of institutional goals
- Provide regular student learning support through mentorship and coaching
- Participate in teams within specific areas of responsibility.
- Possess positive attitudes that facilitate cordial work relationships amongst members of the workgroup.

Student & Staff Counselling

- Contribute towards increasing student retention and success
- Engage in promoting academic programs through various organized promotional activities, and dissemination of relevant information to various groups including prospective students and sponsors.
- Provide first line of support to students with issues affecting their studies
- Observe and maintain health and safety rules within the learning environment and during program activities at all times.

Dimension

Problem-solving and impact

- Seek and apply innovative solutions to problems affecting the delivery of programs in accordance with relevant university policies
- Contribute to decisions, which have an impact on other related programs.

Resource management

- Participate in meetings at both the department and institutional levels
- Contribute to the management of quality audits and other external assessments
- Contribute to the management of resource usage to ensure minimal wastage, and that other resources including resource books, equipment and tools are maintained, and are safe and protected from damage and abuse.

Working Environment

- Take responsibility for conducting risk assessments, and reducing hazards in the workplace and learning environment
- Report to the responsible officer or authority any OHS issues that need attention
- Engage in continuous professional development.

Decision-making authority

- Demonstrate leadership in resolving student/staff complaints
- Provide advice and support to staff where applicable
- Decide on the allocation of workloads in your teaching units, where and when applicable, in consultation with your immediate supervisor or Director
- Assist in budget discussion for yearly delivery requirements.

Measures of Effectiveness

- Student's academic progress is effectively managed, and unit results are submitted promptly
- Unit resource guides and other learning materials are developed and produced
- Examination papers are prepared, moderated and submitted to the SAS Examination Officer as scheduled
- Regular internal review reports on the unit(s) taught are completed and submitted to the Director within the given time frame
- Research reports and publications produced; and summary information on the research process and findings disseminated or shared through regular SINU research talks, organized institutional seminars or conferences.
- Participation and contribution to program review.
- Management of student's attendance, morale and feedback
- Training facilities and resource improvements
- Improved learning materials, tools, machines and ideas for training purposes.

General Responsibilities

- To adhere to the University's Equal Opportunities policy in all activities, and to actively promote equality of opportunity wherever possible.
- To be responsible for own health and safety and that of colleagues
- To undertake other such other duties as may be reasonably expected.
- To ensure a healthy and comfortable working environment
