PROMOTING GOOD GOVERNANCE, ACCOUNTABILITY AND INSTITUTIONAL EXCELLENCE

VISION

To be a model of good governance that drives academic excellence, innovation and sustainable development for the nation and the Pacific.

MISSION

To provide effective governance, oversight and strategic leadership that enable quality research and postgraduate education, ensure accountability, promote integrity and support evidence-informed decision making.

GOAL

To strengthen governance systems that enhance institutional performance, support research and postgraduate excellence and contribute to national and regional development.

OUR GOVERNANCE PILLARS

POLICIES & GOVERNANCE FRAMEWORKS

- Develop and maintain robust policies and procedures
- Ensure compliance with legal and institutional standards
- Promote quality assurance and continuous improvement

LEADERSHIP & INTEGRITY

- Promote ethical leadership and professionalism
- Uphold institutional values and culture
- Foster transparency, fairness and respect

ACCOUNTABILITY & TRANSPARENCY

- Ensure accountability in decision making and resource use
- Strengthen risk management and internal controls
- Monitor performance and report outcomes

STAKEHOLDER ENGAGEMENT

- Collaborate across faculties and units
- Build partnerships with government, industry and donors
- Engage communities for shared impact
