About Us:

The School of Business & Management (SBM) at Solomon Islands National University prepares students with the knowledge, skills and practical understanding needed to succeed in today's business and professional environment.

The School provides quality education and training in accounting, business, entrepreneurship, management, economics, banking, finance and administration.

Our programmes range from Certificate to Bachelor level, providing pathways for school leavers, working professionals and aspiring entrepreneurs.

Graduates of the School are equipped to pursue careers across government, private sector, financial institutions, businesses, non-government organisations and entrepreneurial ventures.

WHY STUDY BUSINESS & MANAGEMENT?

Quality Education

Develop knowledge and professional skills relevant to the Solomon Islands and the wider Pacific.

Career Opportunities

Prepare for careers in accounting, banking, finance, administration, management, entrepreneurship and related fields.

Entrepreneurship

Gain the knowledge and skills to develop your own business ideas and contribute to economic growth.

Flexible Study Pathways

Progress from Certificate and Diploma studies towards higher-level qualifications.

Pacific-Focused Learning

Study in an environment that understands the business, economic and development needs of Solomon Islands and the Pacific.

OUR DEPARTMENTS

The School of Business & Management comprises three departments at Kukum Campus:

Department of Accounting

Develop your knowledge and skills in accounting, financial reporting and related business practices.

Department of Management, Public Administration & Entrepreneurship

Build skills in business administration, management, leadership, public administration and entrepreneurship.

Department of Economics, Banking & Finance

Explore economics, financial systems, banking, investment and financial management.
